

EduNxt™ is the next-generation interactive learning system that is designed to change the way a student learns. Convenient and easy to use, EduNxt™ creates a virtual classroom environment using simulation, recorded presentations, interactive content, self-study content, and shared browsing.

► EduNxt™: a spice for every recipe

Articles/SLM - Students can access SLM and relevant articles online. The articles are frequently updated to keep the student informed on current affairs.

Industry mentor chats – Students can interact with the best business minds and experts in various areas.

Academic mentor chats - A student can chat with the university faculty to clear any doubts he/she might have.

Dashboard - A student can plan his/her study timetable much better by tracking further progress and keep a count on what has been read and what's remaining.

Soft skills – A student can watch videos and make use of a variety of resources to further enhance soft skills.

Crack-it case study contest - The case study contest is held regularly where a student can display his/her skills at solving case studies and problems within the allotted time.

MAKE EDDIE YOUR BUDDY

► How EduNxt™ makes learning fun

Recreates classroom environment.

Easy and quick access to educational resources across Manipal Education institutions.

The platform that enables placement and soft-skills training.

Commitment to improve quality of professional education via distance mode, leading to higher acceptance amongst employers.

EduNxt™ combines academic rigour and a personalized learning environment along with SMU-DE's hybrid learning delivery system with its flexibility, convenience and accessibility to offer a first of its kind learning environment in India.

Winner of e-India and e-Rajasthan awards

SMU-DE was conferred the 'Digital Learning ICT Enabled University of the Year' for its new technology infused learning system "EduNxt™" at the 5th e-INDIA 2009 Awards Conference and exhibition organised by the Centre for Science, Development and Media Studies in Hyderabad on August 26, 2009. In six months time, SMU-DDE was conferred the e-Rajasthan award for 'ICT enabled university/ higher education institute of the year' for its learning system 'EduNxt™'. On winning these accolades, Mr. Anand Sudarshan, MD & CEO, Manipal Education, said, "We are honoured to have received this commendation from e-India and e-Rajasthan. This recognition reaffirms our commitment in using technology to drive the next level in education and making high quality education affordable and accessible through the length and breadth of our country."

Shri. A.M.Thimmiya, Member, SMU Academic Senate, with the e-Rajasthan award

V.N. Rajasekharan Pillai speaks

SMU-DE's technology based initiative such as EduNxt™ will empower students in their learning experiences. I see EduNxt™ as truly being the way forward for distance education in India, as is the case in the international education services sector. I am confident SMU-DE will continue to contribute to the distance education sector in India in a significant manner. I am sure that SMU-DE will ensure strict adherence to quality assurance norms in the content and delivery and provide affordable education opportunities for all. I wish the institution all the success.

Dr. V.N.Rajasekharan Pillai,
Chairman, DEC

Sukhadeo Thorat speaks

I am happy to know that Sikkim Manipal University of Distance Education, Manipal is going to launch EduNxt™ (Technology Infused Collaborative and Distributed Learning System) in stages from the August 2009 session. I send my best wishes and greetings to the University for the same.

Dr. Sukhadeo Thorat,
Chairman, UGC

Steve Ballmer speaks

India's emergence as a global technology centre is the direct result of its strong education system. At Microsoft, we have always believed that education is the foundation for opportunity and success. One of our most important commitments is to help deliver high-quality educational materials to those who lack access to teachers and resources. The EduNxt™ distance learning platform is a great example of how information technology can extend the reach of great educational resources. We look forward to continuing to work with Manipal Education to expand educational opportunities in India.

Mr. Steve Ballmer, CEO,
Microsoft Corporation Pvt. Ltd.
