What is on offer....

Abbas Ali Uppin
Head - Corporate Relation
corporaterelations@isbr.in
Cell : +91 93797 11119

Our student is ready for a career, in various functional areas such as Finance, Marketing and Human Resources Management, IT, International Business, Retail & Supply Chain Management.

In our quest to make available information of the students who are at the threshold of their career, we hereby present their credentials and accomplishments. This brochure is aimed to serve the purpose of bringing information to the prospective recruiters and also give them a portfolio to select from. The Students are ready for their choice of jobs, and as a step towards their search, the brochure is being sent to various business houses.

The students of this batch are pioneers from our institution and are ready to take up challenging careers.

THE CREST OF ISBR

I-S-B-R

postulates Character
and Capacity Building
through **INTEGRITY**, realising
SUPREMACY of Self to enjoy
the **BEAUTY** of Life,
enriched by **RAY of HOPE**.

ISBR logo symbolises its core values, it is an epitome of rising Sun.

Rising Sun ! Is there one? If we believe the Earth revolves around the Sun, then there's no sun rise or sun set! A sun set in one place is simultaneously a sun rise some where else. A constant evolution, continuous movement forward, meant progress, is the only truth!

The central crust, in deep red, is iconic of human values – trust and faith, and the source of eternal energy.

Around this is the white space, representing truth and transparency, shining face of life, bright and bold.

The outer golden yellow crescent reflects the value transformation, from latent 'potential' into 'real'. As the gold would have passed through hard drilling, crushing, smelting to finally becoming precious gold, students transform through the process of vigorous training, coaching and mentoring, with dedication and hardwork, to becoming fine human beings and then effective managers!

The beaming rays around the crescent reflect the facets and tenets of skills and knowledge, with non-linear waves, assuring freedom and flexibility for self expression.

The risen and revealed SUN (through Stimulate-Understand-Nurture cycle) is what is evolved, but what's beneath and down under is more important and precious, deep inside for the individual to discover, emerge and rise, to the REAL WORLD through REAL LEARNING.

VISION

An institution of repute, internationally recognized as an inquiry-driven, ethically engaged, and diverse community, whose members work collaboratively for positive transformation in the world through courageous leadership in teaching, research, scholarship and social action. The international dimension is the most important driving force for the development of the School.

MISSION

As an educational institution dedicated to leadership in teaching and learning, we seek to transform all learners - faculty and staff as well as students - and support their personal growth and mentorship throughout their lives. We seek to serve the nation as the research institution where the challenges of creating new knowledge support the values of a liberal education, where rigorous theory and practical, real-world experiences come together.

As a research institution dedicated to leadership in scholarly investigation, we seek to transform knowledge itself, focusing resources into those areas of research and scholarship where we can have the greatest national and global impact. In addition to research targeted to specific ends, we also accept our responsibility - unique to research institutions - to create and disseminate knowledge for its own sake, and we promote a culture of inquiry marked by rigor, creativity, curiosity, innovation, respect, sensitivity, open communication of ideas, and lifelong learning.

As an institution in all its activities and actions is guided by values defined and sustained by constant moral discourse, we hold ourselves accountable at every level of the institution for practicing our values of integrity and respect, excellence and innovation, mentorship and diversity, academic freedom and entrepreneurship, partnership and social responsibility, efficiency and effectiveness and continuous personal and institutional improvement.

CORE VALUES

Creativity, innovation and entrepreneurial spirit -

Innovation with a purpose brings value, and creating value is at the heart of the enterprise. At ISBR, we value innovation as a key to business education in the modern world.

Integrity and accountability -

Integrity, accountability and reputation are essential to free markets and the conduct of global business, and are the institutions' cornerstones.

A global view embracing diversity -

The world is increasingly more interconnected; this requires an understanding of and an appreciation for cultures and people beyond the school's walls. At ISBR, we value the rich contribution of people of many backgrounds and perspectives, and recognize that excellence cannot be achieved without diversity.

About ISBR

About the ISBR Group

India's **Top 29th** Institute

by Silicon India Survey

Awarded **Business Excellence**

by the Bharti Group

Awarded **National Championship** for Entrepreneur activities

by National Entrepreneur Network

Awarded **Centurion Award**

by Centum Learning Centre

An institute of international educational standards, ISBR was set up under the aegis of Bangalore Education Trust (established in the year 1990). With rapid growth, ISBR has expanded its operations to two locations and now has international campuses in Bangalore & Chennai.

The incubators of ISBR had a dream... the dream of a gateway that provides a global outlook... an infrastructure that beckons to explore & learn... a cradle that nurtures high ethical and human values.

ISBR stands in the silhouette of such a dream. It is envisioned to become a globally recognized centre of learning & research.

The edifice of ISBR is built on three building blocks. The Governing Council, the Academic Advisory Board & the Board of Studies. These apex bodies, individually & collectively, contribute towards high standards of Academic Governance. With the competence & experience of the best

minds from academics & industry, ISBR is envisioned as an institute of high academic standards.

The spirit of excellence that has founded ISBR will remain the driving force. It is committed to excellence in scholarship, training and service.

ISBR takes pride in being a place where students and faculty can pursue knowledge without boundaries, a place where theory and practice combine to produce a better understanding of our world and ourselves. ISBR education prepares you to think on your feet and act decisively in any business environment.

At ISBR the focus goes beyond education. ISBR aims to prepare students for life – ingraining in them the psyche of the eternal student – Making them a Leader; A Leader who is ever a learner, driven by thirst for knowledge; a passion to excel and ignited with the desire to achieve success – Success for Life.

Awarded "Young Entrepreneurs Award"
Awarded "Godwad Gaurav Award" for Excellence in the field of Education
Awarded "Young Achievers Award" by the Lion's Club International

From the Chairman's Desk

Dear Recruiters,

It gives me immense pleasure to welcome you to our campus. I am sure, it is going to be one of the best experience at our B-School. We are known for creating a pool of professionals from the campus. The academic rigour & the systematic learning integrated in the course has been our driving force. Our students are Industry – ready and are **competent** enough to take the corporate challenge.

I hope this endeavor from your side will be fruitful.

With best wishes

Prakash Kothari
Chairman - ISBR Group

From the Managing Director

Dear Recruiters,

It's our privilege and pleasure to invite you for the campus recruitment. We are extremely happy to give you a brief description of our system. We are into education for many years. BET was established in 1990 as one of the credible educational bodies in the nation. With over a decade of experience in the field of education, the trust has attracted students from all over the country and has developed strong links to the national & international business community. ISBR has been established as an institute of international stature under the aegis of BET, Bangalore.

Our course / curriculum has been devised by prominent thinkers, academicians & industry experts. They are synchronized with the latest trends in the industry. The pedagogy used pertains to the real life situations like simulation games, role plays case discussions & industry visits.

Our faculty has been experienced, domain knowledge experts from the industry & academia. The inputs delivered by them is not only through series of lectures but also through various practical innuendoes, like conducting academic / industry interface programmer, guests lectures, leadership

development programmes, seminars & conferences. The students are also exposed to soft skills & overall personality development. The current business updates, Quiz competitions, presentations, mock interviews & resume reviews are a package deal.

There is an urgency to improvise the emotional quotient among the students community. The curriculum also ensures that apart from the project work & industry studies they also take part in the inter collegiate management fests. This has built in lot of confidence among our students. They have won a number of accolades in "The Best Manager Event", Inter collegiate business quiz & other management games.

The club activities combined with the class room orientations have built is an exodus of talent.

As the adage says "the proof of the pudding is into eating". You can feel the difference if you are connected with our campus. So, we welcome you once again to build a long lasting commitment.

Faculty

Our faculty, core as well as visiting are leading thinkers whose research and teaching are second to none. They actively publish in reputed academic journals, serve on editorial boards, and hold leadership positions in professional organizations. They collaborate with other thought leaders from the academic community and have significant impact on the direction of research and knowledge generation in their areas of interest. Through their research, and by serving as consultants and advisors for leading corporations, they influence the practice of management. As skilled teachers who are dedicated to student learning and highly accessible, they give ISBR students an unmatched educational experience.

ISBR Knowledge & Resource Partners

ISBR strives to ensure that its students receive an international quality learning experience. To achieve this, ISBR has close networking relationships with several leading institutions and professional bodies around the world. Following are a few amongst them:

Quality policy

We will provide “best in class” contemporary management education to maintain a pipeline of “industry ready” and “employable” management professionals.

We will strive to meet and surpass the expectations of all stakeholders, be it students, employers or faculty and staff by using state of the art technology, modern pedagogy and methodology and transparent best practices to be a preferred choice for each one of them.

We will do this by providing thought leadership in management education, an open and performance driven culture driven by objectivity, and by building capacity and competencies through institutionalization of systems, procedures and processes, so as to foster a learning and innovative environment.

- Team ISBR

Programs Offered

PGDM

Approved by AICTE, Ministry of HRD, Government of India

The PGDM curriculum is set apart by three distinct dimensions: Extensive corporate interface; unlimited knowledge access and an unwavering focus on the future. The PGDM program is very unique not only in its content but also in its delivery. This program comes with unique advantages

- Approved by AICTE, Ministry of HRD & Government of India
- Electives taught by eminent faculty from Industry
- Range of inspirational speakers from around the world
- Exclusively designed course content at par with top international business schools
- Case Studies, Live Projects, Movie Analysis, Fests participation, Foreign language course, International conferences all and much more
- This program is embedded in a learning community characterized by a strong research tradition and high quality professional teaching
- Value added program along with rigorous course structure
- Programmed to inculcate Innovation, Ethical Values & Nurture Holistic development
- Vibrant and Active Student Clubs
- Demographically diverse learning community
- Study abroad option available with International partnering universities
- Dual Specializations to make student multi-industry ready
- Great Batch Mates

MBA

Mysore University Program

Accredited with a Five Star status in 2000 and reaccredited with an A+ grade by the National Assessment and Accreditation Council (NAAC)

About University of Mysore: The MBA Program is offered as an outreach program of University of Mysore. University of Mysore is the first university in India to be assessed and accredited with a Five Star status in 2000 and reaccredited with an A+ grade by the National Assessment and Accreditation Council (NAAC). Established in 1916, the University of Mysore was the first university outside the domain of the British administration in India, the sixth university in India, and the first ever university established in Karnataka. The University of Mysore is a globally acclaimed institution of higher education. It has acquired an aura of excellence thanks to its manifold achievements and innovations in the field of Higher education.

The University of Mysore is recognized as "Institution of Excellence" by Government of India and awarded Grant of 100 crores to create a Center of Excellence in Biodiversity and Sustainable Development.

Course Offered at: Bangalore Campus and Chennai Campus

Programs Offered

PGDM

Approved by AICTE, Ministry of HRD, Government of India

Special feature: One semester abroad

Recognizing the need for advanced global competency and to make international study affordable, ISBR offers its flagship program "PGDM with one semester abroad". This program aims at cross cultural exposure and a global perspective to the students.

Under this program, the student has an option of undergoing one semester in the partner foreign University under the students exchange arrangement, where, apart from building a strong network with foreign students, they will meet and learn from professors of the foreign universities. This program enables the students to get the best of Indian and Foreign education. The students would get the opportunity to interact with international faculty as these international universities faculty includes various American, European & Asian professors. Students would be in the midst of truly multi-national student groups. During the course of this study, the students would be taken on various corporate & academic

STUDENT SPEAK

Azeem Pasha | My stay in France was definitely worth the experience. One different quality I noticed in France was Self Realization & People here never break the rule. We also found few Asian Restaurants where Indian dishes both Vegetarian and Non Vegetarian were available.
ISBR Alumni

I improved my creativity and was able to discover new ideas and put them into a organized professional package. According to me it's a very fruitful International exposure & my vision to success.
Manisha Prasad
ISBR Alumni

Vrusha Hannawar | Study at France, bought in difference in me and my career, Everything was well planned, scheduled & well organised. Made great number of friends. For my juniors, I would suggest to go prepared, have lot of fun there.
ISBR Alumni

Studying in France has allowed me to immerse myself in the French lifestyle, mine appetite palate for fine culture and food has satisfied me. It was a great experience for me to be a part of one of the renowned French university which was only possible because of my college International School of Business and Research.
Himanshu Mathpal
ISBR Alumni

Karan Kadam | My Study at France was Awesome, with lots of practical learning with real time case. Simulation games at France made learning more simpler. This improved my presentation skill. All the experience paved a great ladder to get through corporate interview with ease. Its is a great opportunity to learn and explore in all facets of management.
ISBR Alumni

PROGRAMS OFFERED

GLOBAL PGDM | 3 Country Exposure Program

Approved by AICTE, Ministry of HRD, Government of INDIA

Global PGDM - 3 Country Exposure Program is an innovative and exciting model for a real global exposure. Students get an opportunity to gain invaluable exposure, experience and practical knowledge by travelling, studying and experiencing 3 countries including India during their education of 2 Year AICTE approved PGDM. An experienced mentor is specially assigned for the students to take care of all concerns, academics and beyond, if any.

Throughout the program, the students experience holistic learning of cross-cultural sensitivities, real world experiences, the best of academic mentors both by foreign and Indian faculties, global industry visits, high-tech class rooms, international standard facilities including comfortable accommodation, Computer Lab, Online Library, Sports and Gym Facilities.

This program rightfully justifies the practical part of pursuing higher education in the area of Management. The students' become cultural sensitive and have a broad approach to adaptability.

Under this model the student completes his program by visiting 3 different countries during his 2 year education of PGDM. The choice of these countries would be done by ISBR and would be amongst India, Dubai, Singapore, Malaysia, China, Australia and others. The student would be sent to any of the 3 countries including India.

This program provides what most MBAs don't: a thoughtful understanding of how the global economy works and how organizations can best organize and operate in it. The program helps students become effective communicators and decision-makers with essential qualities of a leader. The curriculum is taught by world-class faculty. They use an engaged learning approach with case studies and discussions that stimulate class interaction.

A number of top companies engage students in live projects. These projects serve as a platform to put classroom learning into practice.

Format: During the two years i.e 4 semesters, the students would spend 6-8 weeks in each of the foreign country. The academic curriculum would be at the host country i.e. India and during the visit to the chosen country, student would have to do his internship, project, organisation study, value-added lectures, cross-cultural study, etc. based on the permissions obtained.

SEMESTER I

- Management Concepts & Theories
- Organizational Behavior
- Business Environment
- Managerial Communication
- Managerial Accounting
- Managerial Economics
- Statistics for Management
- Information Technology
- Participative Learning Activities

SEMESTER II (6-8 weeks in Country 2)

- Marketing Management
- Human Resource Management
- Corporate Finance
- Quantitative Methods
- Legal aspects of Business
- Operations Management
- Management Information Systems
- Computer Applications in Management
- Seminar

SEMESTER III (6-8 weeks in Country 3)

- Project Management
- Entrepreneurship
- Elective – I
- Elective – II
- Elective – III
- Project Work
- Summer Internship Report
- Industry Interface Training

SEMESTER IV

- Strategic Management
- Elective – IV
- Elective – V
- Elective – VI
- Elective – VII
- Project Work
- Project Viva -voce
- Industry Certification Systems

Summer Internship (report to be submitted before commencement of III semester)

Specializations: Human Resource Management, Marketing, Finance, Information Technology, International Business, Tourism & Travel, Health Care, Small Business Management & Entrepreneurship, Retailing, Supply Chain Management, Banking & Insurance.

Eligibility: Bachelor's degree in any discipline with 50% and above. Your subject background, extra-curricular activities, awards, and recognitions are also considered.

Work Experience: We prefer our GLOBAL PGDM students to have at least two years of experience. We believe that students bring their professional experience to the class and contribute to the interactions and are able to take away more. However, we also welcome exceptionally bright fresh graduates who possess drive and confidence.

Entrance test for qualification: Applicants should have valid GMAT/CAT/XAT/GRE/MAT scores.

Course Offered at: Bangalore Campus

- Candidates with 40% marks in aggregate in Bachelor's / Master's Degree of a recognized University are eligible for admission.
- Preference will be given to candidates sponsored by a business or industrial concern.

Course Offered at : Bangalore Campus

QUALITY QUOTIENT

At ISBR, we aspire to be at the highest levels on key factors such as talent and prestige of faculty, quality of students, career opportunities for graduates, depth and breadth of curriculum, strength of corporate relationships and excellence of facilities and learning environment. Yet we differ from other business schools in important ways such as our focus, personal scale, emphasis on group learning and teamwork, the commitment of our faculty to excellence in both research and teaching, and the extraordinary levels of involvement and support we receive from our alumni.

ORCHESTRATING WINNING PERFORMANCE

ISBR provides its students with comprehensive coverage of the world's best business practices and exposure to leading-edge concepts in all important business disciplines. The depth and breadth of our elective course offerings allow students to focus on specific areas of study while receiving the broad perspective and skills in business that they require for leadership positions. These are achieved through coursework, periodic self and peer assessments, one-on-one coaching, and career counseling.

LEARNING STRATEGY MODULES

If you would like to develop your academic writing skills, communication skills, time management, leadership skills, critical analysis skills, decision making skills, interview skills, ISBR offers learning strategy modules designs to help you make the most of your studies & provide a rewarding learning experience.

THE CAREER DEVELOPMENT CENTRE

The Career Development Centre provides resources which can prepare you for life

after your program enabling you to make informed career decisions, pursue your goals effectively and develop skills which will help you manage your future career.

STUDENT SUPPORT SERVICES

The student support services team offers a range of advice, information & support services designed to enhance your experience as a student. Advisors support in number of areas including financial guidance, local guidance, career guidance, counseling & advice.

ISBR INCUBATION CENTRE

Realizing the need for continuous support and hand-holding, the institute has undertaken an initiative to support and develop skills in the students, both for students aspiring for jobs, as well as students who wish to venture out on their own. On the one hand, students with business ideas and propensity for venturing out are provided support facilities in terms of project reports, idea guidance, project implementation and other such activities. On the other hand, students who are looking for employment are given trainee opportunities and access to various work environment simulations to acclimatize them with the real world situations. This activity is done in association with National Entrepreneurship Network (NEN).

ADVENTURE LEARNING PROGRAMMES

A major portion of learning can take place outside the classroom - through situations and activities that call for team work, stress management, decision making, leadership, and other qualities required from a professional. The Institute organizes periodic outbound and adventure learning programs by taking students on treks, mountain climbing, river rafting, and other activities to impart

this experiential learning.

CONSULTING ASSIGNMENTS

ISBR's consulting assignments from industry - both long-term and short-term are handled by faculty and student teams who use different methods to provide consultation to the companies. These are some times in the form of market research & analysis, or creation of training modules for organizations etc. These assignments help to strengthen the industry-academia bridge by allowing the industry to get direct input from the academic community.

MINI-PROJECTS

This is a unique initiative from ISBR, where we have tied-up with organizations not only for regular projects and internships, but also mini-projects. These mini-projects are a relatively lower end version of the consulting assignments. They typically include assignments like helping organizations during recruitment drives, providing help in reorganization of office structures etc. While on one hand the students get an excellent opportunity to be a part of and work for organizations, these organizations feel happy to have a few extra hands and fresh minds to work with.

INDUSTRIAL VISITS

While many B-Schools consider Industrial visits a mere formality to meet industry norms, ISBR prides itself in dedicating a special team to ensure that these visits turn out to knowledge assimilation ventures. We have visited some of the largest and best organizations like TVS Motors, Ashok Leyland and Titan Industries, besides specialized facilities like MTR Foods and Biocon to ensure that our students get a real learning from these visits.

ISBR CAMPUS

The Campus has been very well developed for comfortable education. Solid granite buildings that dot the campus are sheltered under a canopy of trees. Well maintained gardens and buildings, air-conditioned Seminar Halls, Panel Room, Conference Hall, Assembly Hall, Auditorium and all the requirements of an institute of higher learning are the unique features here.

International Study Tour

The International study tour to South East Asian Countries of Singapore and Malaysia is aimed at providing cross culture exposure to our management students.

During the trip Business environment observations addressed issues like Quality control, Innovation, Marketing Strategies, Cost effective planning, policies and procedures, Innovation in design and encouragement and success of entrepreneurial efforts were studied by the students.

Visit to the Transport Division of Singapore : Collaborations efforts by Registry of vehicles, Mass Rapid Corporation, Road and Transport Division of the public works Department of Singapore and the Ministry of Communications to spearhead the land Transport development of Singapore was a classic example of successful collaboration and implementation.

Industries Visited : Royal Selangor, the worlds largest Pewter Industry – Family Managed Business. Hi-5 Baking unit in Malaysia, Visit to the Newater (treatment plant), Multilevel marketing service industry and many more...

Experience at the Land Transport Authority, Singapore was an eyeopener as it gave us knowledge on how Singapore is

planning to manage their traffic for the next 20 years, keeping in view the growth in terms of population and economy.

Putrajaya, a well planned township on the outskirts of Kuala Lumpur gave the glimpse of requirement for future planning in the developing countries.

Interaction with faculty in the Malay University & the workshop made us understand international outlook to business, cross-cultural management, international relationship etc

Students also spent few hours every day studying the market. Learning on one hand, fun on the other. Memorable visits to Petrona Twin Towers, Genting Highlands, Batu Caves in Malaysia and Sentosa island in Singapore has left precious memories.

The final reports were based on observations in the areas of Infrastructure, Education, transportation facilities, Social crime rate, law and order, Environmental Conservation and Political issues.

All in all, The International study tour at ISBR is a not to miss opportunity.

SALES & MARKETING :

This specialization addresses the management challenge of designing and implementing the best combination of marketing actions to carry out a firm's strategy in its target markets. Students learn to develop skills in applying the analytic perspectives, decision tools, and concepts of marketing to decisions involving segmentation, targeting and positioning; product offering; pricing; distribution channels and marketing communications.

Students Learn How to

- Bring change by analyzing consumer , understanding consumer insights
- Analyze and design appropriate marketing strategies for diverse international environments
- Plan, implement and monitor an advertising campaign

The rigour of the learning process at ISBR enable students to :

- Learn decision-making processes and to implement them in a global setting
- Gain practical experience of developing strategies, communicating , implementing and institutionalizing in organizational situations
- Learn how to identify market segments, position products, estimate product demand, set prices and manage growth.
- Gain skills which you can apply immediately in the workplace

HUMAN RESOURCE MANAGEMENT:

Human Resource Management is a specialized function dedicated to the entire gamut of activities concerning people. ISBR trains students rigorously on all strategic issues concerning HR. These strategic issues deal with a long-term vision of the organization in areas like recruitment, staffing, organization structure, work environment, employee retention, and a host of other activities. An HR professional graduates to top management responsibilities in about 8 to 10 years or more based on the size of a company. The specialization exposes the student to dealing with the working environment in the factory premises. Students Learn to Create and maintain healthy and positive industrial relations .The activities include recruitment, payrolls, training , appraisals, Organizational Development , administration and all matters concerned with the employee. Through internships at various companies, ISBR provides the student exposure to handling issues which are very sensitive such as discipline, grievance handling, conflict management and negotiation. In a does not come way, this not only enhances self-confidence of the students and prepares them for greater responsibilities within the organization but also provides opportunities for rapid career growth.

Skills development include :

- Ability to understand and deal with people of all levels
- Ability to cope with unstructured situations
- Enabling behavioral competencies and personal effectiveness.

FINANCE MANGEMENT:

The focus of the specialization area is primarily on managing corporate and understanding dynamics of market. Some courses like economics, mathematics and statistics support the finance stream. the whole curriculum is developed around that. Some courses, especially from economics and mathematics and statistics, are supporting courses.

The teaching methodology consists of lectures, problem solving, case discussions, seminars, business games, role-plays, presentations, field visits, etc. Our students are trained specially in EXCEL, Eviews, SPSS and financial modeling. ISBR maintains close contact with the industry by inviting finance professionals to hold seminars for students.

Most of our students are exposed to research projects in areas of financial analysis , asset, pricing and investment strategies, financial decision making, mutual funds, corporate governance, Social accounting and audit and investment decisions. At ISBR, through course work and practical exposure, students are prepared to take on the challenges of an emerging and complex financial world. They are trained in necessary knowledge and skills for applying the same to handle issues of finances in the corporate world. ISBR tries its best to produce students who are sincere and have integrity.
