TALENT CONNECT

- A PLACEMENT DRIVE BY ISBR **2013-14**

We've handpicked the healthiest fruits to help
your dream business grow stronger

"Industry academia interaction is critical to ensure right skills are made available to industry for a healthy growth. Talent connect by ISBR is one such initiative which is intended to connect talent and Industry on a common platform. This will certainly help educational institutes to understand the requirements of specific Industry and groom them accordingly. I am sure all the companies and institutes in electronics city will make use of this opportunity and benefit from it. All the best for the initiative"

- Rama N. S.
Chief Executive Officer - Electronics City Industries' Association (ELCIA)

MESSAGE FROM DIRECTOR

Invitation to participate in
TALENT CONNECT 2013-14
- A PLACEMENT DRIVE BY ISBR

It gives me great pleasure in inviting you to be a part of 'Talent Connect 2013-14'. This endeavor of ISBR gives you an opportunity to pick the right talent thereby enable the best talent to shine. Our students have been groomed to be well rounded personalities by providing multi-dimensional inputs. Apart from classroom sessions, ISBR provides corporate exposure through a number of unique and innovative corporate connect programs. I request you to participate in this drive of ours to realize your dreams of getting the best resources.

- Dr. Manasa Nagabhushanam
Director ISBR

About ISBR

ISBR Business School, one of top business schools in India creates an atmosphere where students pursue boundless knowledge, under a single roof blending theory, practice, perspective and attitude. ISBR works towards grooming students who are competent to meet the work challenges as they step into their job roles. With a holistic approach to developing talent in classrooms, we bring in a change through various corporate connect programs like industry mentoring, corporate internships, hands on training in corporate, industry guest lectures and discussions. Our students have gripped an edge to face the competitive markets and best suit the roles they are ready to take up.

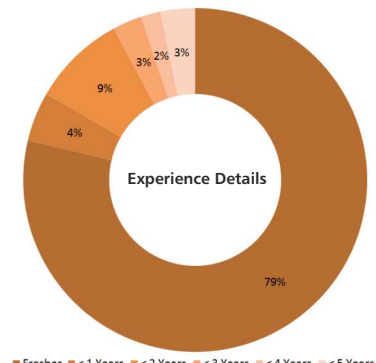

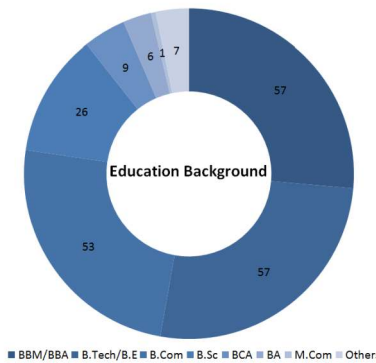

INDUSTRY INTERACTION AT ISBR

- ✓ **Case Study & Paper Presentations:** Ongoing Case Study & Paper Presentation helps students to understand their subject knowledge more realistically and adapt to changing corporate scenario.
- ✓ **Industry Visits:** These students are exposed to diverse industry visits through our dedicated team, who ensure that these visits turn out to knowledge assimilation ventures.
- ✓ **Organizational Study:** Every student undergoes this process of learning in a company belonging to industry of their choice.
- ✓ **Internship:** Every student undergoes internship to get hands on experience of the corporate environment and implant their knowledge and skill in their area of specialization.
- ✓ **Panel Discussion:** Sector-wise Panel discussions are organized regularly to bring out different perspectives of various industries to help student opt right sector in which they have passion to work.
- ✓ **Guest Lecture Series:** Students here are exposed to over 110 Corporate Guest & Resource Persons from industry who shared their industry practices to enable the students to visualize their learning.
- ✓ **International Guest Lectures:** Interaction with Top Executives & faculty from abroad which makes the students experience holistic learning of cross-cultural sensitivities and how global corporate work.
- ✓ **International Learning Exchange Programs:** ISBR has learning exchange programs with foreign universities which aim at cross cultural exposure and a global perspective to the students.
- ✓ **International Students Visits:** As a part of Learning Exchange program foreign students visits ISBR and interact with our students which enlighten them towards understanding international relationship and cross cultural learning amongst truly multi-national student group. In turn our students visit foreign countries for industrial visits and also take up courses in International Universities.
- ✓ **Industry Mentoring Sessions:** Functional heads and mid level managers of various corporate visit campus regularly, mentor the students and closely work with the students to make them better professionals.
- ✓ **Alumni Mentoring Sessions:** Have a strong Alumni network and interactions by which students get exposure towards real world experiences.
- ✓ **Corporate Training:** ISBR strives to ensure that its students receive an international quality learning experience. To achieve this, ISBR has close networking relationships with several companies and leading institutions and professional bodies around the world.
- ✓ **Research & Consulting:** ISBR students work in organizing corporate programs and also support companies in their research and consulting requirements
