Message from the Director - Placements

The Placement Cell at ISBR Business School gives utmost importance to assist its students in getting placed suitably after successful completion of their studies. It ensures that every student gets the right skill and domain knowledge so that they are easily acceptable to the industry. The department organizes activities and workshops that enable students to be effective team leaders as well as team players. This department operates with a twin-fold focus, i.e., augmenting internal competencies by fostering contemporary grooming of students and by enabling the industry to identify and absorb intellectuals with requisite technical and managerial skills.

I extend a warm welcome to the aspirants to explore the journey with ISBR to add real value and prestige to their professional career.
